Jamaican & Jazz Music

Book

Drop Collective is a project that mixes Jamaican and Jazz music through a repertoire of original arrangements. It started at the ends of 2016 as a result of the synergies of ten musicians from the Liceu Conservatory in Barcelona.

STORMIN' (*La Panchita Records*, 2018) is their first album with the collaborations of Dr. Ring Ding, Gorka Benítez and Chalart 58.

The live show is vibrant and powerful, with ten musicians on stage. They perform the tunes from the album and exclusive new tunes with some well-known hymns.
